

San Mateo County Sea Level Rise Vulnerability Assessment Policy Advisory Committee

October 7, 9:00am-12:00pm

Foster City, City Hall Council Chambers
610 Foster City Blvd, Foster City, CA 94404

Please join us at the 1st Policy Advisory Committee Meeting for the County of San Mateo's Sea Level Rise Vulnerability Assessment.

Who should attend?

- A designated higher level city representative to serve on the Policy Advisory Committee: Mayor, City Manager, or directors of planning, emergency management, sustainability, parks, or public works departments
- Representatives from businesses, agencies, organizations, community groups, and other entities with an interest in preparing for sea level rise in San Mateo County

Meeting topics:

- Project methodology
- Draft sea level rise scenarios
- Asset categorization and inventory of assets
- Using and updating *Our Coast Our Future*

Please RSVP by October 2, 2015. To RSVP, email Hilary Papendick at hpapendick@smcgov.org or call 650-363-4194.

Project Overview

The goal of the Assessment is to identify vulnerable assets on the bay shore and coast side of San Mateo County, determine types of impacts from sea level rise, issue initial recommendations on adaptation measures. The project is funded by the California State Coastal Conservancy and led by San Mateo County's Office of Sustainability. ARCADIS Consulting is conducting the technical study. What is the Policy Advisory Committee?

The **Policy Advisory Committee (PAC)** members will have knowledge of:

- Formation or implementation of regulations
- Policies/programs related to: hazard mitigation, disaster preparedness, public health, transportation, real estate development, and natural resource management

Role of Policy Advisory Committee

- PAC members will provide high level guidance on the project approach and work products.
- The PAC will meet 2 times throughout the project in October 2015 and March 2016.
